Shelbyville, KY - June 5, 2017 - Creative Spirits Behavioral Health, formerly known as Creative Spirits Counseling Center, will relocate their Shelbyville branch to the Stonecrest Medical Center in Shelbyville, KY on June 5, 2017. Creative Spirits Behavioral Health provides mental health counseling, substance abuse and community support services to the Greater Shelby County area and surrounding counties. Creative Spirits Counseling announced their corporate name change to Creative Spirits Behavioral Health earlier this year on January 7th. “Our mission is to transform broken lives into creative spirits,” says Cassandra Gray, CEO & Clinical Supervisor of Creative Spirits Behavioral Health. “We hope to shape the future of behavioral health management by being an innovative practice with a personal touch. Through faith, love, and communal support, we know that it takes a village to cure the heart.”
